Where lots are indicated as having more than 1 Units Available (Units), the bidder may make bids for multiple units of what is contained in the lot description.

For example

LOT 124 is described as Ultrachem Prima Wash FX WM 25Ltr and there are 8 units available (As indicated in the units Column)

Should a bidder wish to bid for a maximum of 2 units they should indicated ' 2 ' in the Units wanted column and place their bid per unit in the 'Bid per unit' column. So if they bid €x per unit and are successful they will get a maximum of 2 units at a bid price of €x per unit.

Where the unit available column is just ' 1 ' that describes the full content of the lot being bid upon .
